First Quarter 2021

Message from Alejandro Badia, M.D., F.A.C.S.

I am certain that many of us within the different sectors of **DoralDOC** (Doral Orthopedic Clinic) are relieved that 2020 came to an end. Whether in our personal, family or professional lives, we have all been faced with challenges, but we persevered and now face a hopeful 2021.

For those who read my book, **#HealthcareFromTheTrenches**, the challenges and our innovations are highlighted, and I welcome your response and feedback.

Welcome to Our Family

Help us welcome our new employees with open arms:
